Dear Sirs,

Re-Jamena Construcciones S.L.
C/Guadalmansa 1, Cancelada, 29688, Estepona, Malaga

After being established for over 35 years, Barnfield Construction are renowned for our second to none construction work across the United Kingdom. Barnfield have established a reputation for efficiency, expertise and attention to detail and carry out almost any aspect of building and civil engineering work from within the company's own professional multi-disciplined team.

We have had property on the Costa Del Sol for around twenty years and in 2005 we purchased 3 plots of land at Capanes Sur, Condes De Luque near Benahavis. We employed Jamena Construcciones S.L. to construct 3 large properties (including our own home) to an extremely high standard. The work was completed on time and within budget in 2007.

Not being based full time in Spain, we chose Jamena Construcciones S.L. as it was important we employed a professional construction company we could rely on and trust to carry out the development work diligently. We are extremely satisfied with the homes Jamena Construcciones S.L. have built for us and without any reservation we will continue employing Jamena Construcciones S.L. for all future housing development we have planned in Spain as we are convinced that they offer value for money, quality and reliable services.

Should you require any further information in addition to this recommendation letter, please do not hesitate in contacting us.

Yours faithfully

Tim & Sheila Webber
